

My dream school :

In my dream school, we haven't got a lot of lessons. We have school in the morning only, but we have classes every day of the week (except at the week-end).

We haven't got any homework because teachers say it is important to have time for us at home.

On the break, it is allowed to play on our mobile phones. We play football and basket-ball. In my dream school, we work on a computer or a lap-top for all lessons.

At the canteen, pupils can choose what they eat. We eat all sorts of good things. Enjoy your happy meal.

That is my dream school. In my dream school, teachers are all interesting and young.
