

My best dream school

Place of this school :

My best dream school would be in a place next to my house. I would like a lot of shops to be on my way to school where I would have reductions. There would be a swimming pool and Disneyland near my great school.

Description :

This school would be so big that we would have a map in our diary. There would be lots of classrooms where we would have our school lessons.

School lessons and subjects :

School lessons would begin at 9.00 o'clock and they would finish at 3.00 o'clock. And after the school lessons, we would have school activities ! It wouldn't be compulsory. We would choose between sewing, cooking, drawing, singing, sports like tennis, gymnastic, football, running and swimming. We would go to Disneyland, and we would go shopping after 3.00 o'clock.

We would have French, English, Mathematics, SLE and Physics lessons. Pupils would have 35 minutes of French, 1 hour of English, and 40 minutes of Mathematics, SLE, and Physique too.

Teachers :

Teachers would be quite good, they would be smiling all the time, they would look so happy and funny, and they would make jokes.

Homework :

Teachers wouldn't give homework one day for the next.
Pupils would work 40 minutes a day at home.

Sanctions :

I would like every pupil to behave in a friendly way, so that teachers wouldn't give us punishments and sanctions. But I think it wouldn't be possible, so teachers would give just more homework. But it would seldom happen !

Dress code :

Pupils wouldn't have to wear a uniform, they would be free to wear whatever they would like to wear. But teachers and the headteacher would forbid pupils to wear mini skirts, plunging necklines, tube tops and low-jeans. And finally, we wouldn't see underwears anymore ! It would be forbidden. And it would be great like that, because if we saw underwears, it wouldn't be correct, it would be so vulgar and provocative !

Then, ear pendants, bare feet, shorts and shorts skirts would be allowed. Pupils wouldn't be allowed to have piercings, but they would have a watch. And see-through items would be permitted.

School rules :

If a pupil was late, he would run to his classroom, he would say « Sorry, I'm late », he would say why he would be late, and he would be admitted into the class. If he missed lessons, he would make up for lost time. This school wouldn't be strict, pupils would be free.

Other :

Lots of school trips would be organized.

The End.
