

MY DREAM SCHOOL

In my dream school, the classes mustn't have more than twenty pupils. We don't work on Wednesday. Teachers must be cool but not too relaxed because we must learn at school.

We don't have any homework, just lessons. Teachers allow us to wear what we want.

There are swimming-pools, skate-parks and discotheques.

We must have four hours of Physical Education a week. We have four hours of lessons in the morning and in the afternoon, we do what we want: sports, parties, games, music...

The school cafeteria must be delicious and varied. The weather is always sunny and hot.
