

MY DREAM SCHOOL

In this school, boys and girls are mixed. Lots of things are allowed, but forbidden too! My school is located next to the cinema and a fast-food, so at 12:00, pupils can eat there.

THE DRESS CODE

There isn't a uniform in this school, but some clothes and accessories are forbidden:

- Miniskirts
- Plunging necklines (necklines are allowed, but we mustn't see the underwear)
- Low jeans (only for girls)
- Religious symbols (hats or necklaces with a cross)
- Heels (for pupils in 6th and 5th)

Jewelries are allowed: earrings, necklaces and piercings too. Pupils can use nail polish but not black.

LESSONS

Pupils must choose four main subjects like Maths, History or French. They have to learn two languages between English, Spanish, Russian, Chinese, German and Italian. Mobile phones are forbidden during lessons but allowed at break time. There is music in the corridors during the break time.

SANCTIONS

Teachers punish pupils when they misbehave in class, and when they don't give back homework. So, teachers make them stay late or do extra work.

HOMEWORK

Pupils haven't got any homework at the weekend and on Wednesday afternoon, just on Monday, Tuesday, Thursday and Friday evening, but not a lot. Teachers don't give homework to pupils during holidays.

CLUBS

During the lunch break, students can participate in clubs: the dancing club, the singing club or the drawing club. At the end of the year, pupils participating to clubs prepare a show: the drawing club does the scenery, and the dancing and singing clubs... dance and sing ☺.

CAFETERIA

All pupils can eat at the cafeteria. They just have to warn the cafeteria's manager the preceding day when they want to eat at home. Pupils have got a canteen card with their photo and their name. At the cafeteria, the food is delicious! There are balanced meals because there is a cook in the school kitchen who prepares delicious meals.

So, my dream school looks like that: no uniforms, some rules but not a lot and friendly teachers!
