

« My dream school »

In my dream school....

I go at school at 10:30 AM. I take a bag where there is a computer and a USB key. I haven't got any books. (Books are forbidden because they are so heavy!).

We haven't got a dress code so we can go at school with a mini skirt and a top. All colours are allowed too.

We study just English, Spanish, French, Maths, P.E., and the courses last thirty minutes. We haven't got homework; we have just a book to read. The timetable is very light with just four hours of lessons, and the rest of the day is reserved for other activities, such as sports.

Sports competitions are organised (dancing, swimming, football...) every month. The break lasts one hour. During the break, we can play video games, read a book. There is a big playground with three swimming pools and a big Jacuzzi. The teachers and the students are very nice.

There is no sanction if we arrive late to school.

Trips are organised every year with a final prom before the summer holidays.
