

MY DREAM SCHOOL

My dream school is in front of my house.

We choose our teachers and change when we want.

We have a light timetable and homework is not compulsory.

We can wear all the clothes and jewels we want but bare feet are forbidden.

In detention ,we play video games whereas teachers forbid pupils to work a lot.

In the courtyard ,there are football ,tennis and table tennis pitches.

There is a self-service canteen with a lot of choices.

There is no school in the afternoon.

There are four hours for physical education every week.

If I hate a subject ,I can skip.

If I get more than seventeen ,I win money.

There is a room where we can borrow a video game during the month.
