

# **My dream school.**

In my dream school, we don't work on wednesday and on the week-end. We always practise sports on the afternoon. The teachers must be cool but serious. The classes mustn't have more than ten or twenty classmates. In the school there is a stadium, a swimming-pool, a cafeteria, a cinema...

The meals of the school is delicious. we must have one day of physical education a week. There is a game class in the the school and at the week we must have a competition of rugby, football...

We would not wear uniforms because I think the uniform is very serious. Homework is serious but easy.
